2022 Annual Meeting Agenda

8:00am–12:00pm	FLIP Course Sunday morning will feature a special course dedicated to the burgeoning role of the functional luminal imaging probe (FLIP) in esophageal evaluations. Attendees will learn how to perform FLIP assessments for each indication of use for the technology, as well as understand how FLIP panometry can classify esophageal motility. National experts, both from gastroenterology and surgical disciplines, will also review a mix of complex cases involving FLIP and this will demonstrate how the technology can be utilized effectively in clinical practice.	
8:00–8:05am	Introduction to Program	<i>Abraham Khan, Jacob Moremen</i>
8:05–8:30am	FLIP 101	<i>Vani Konda</i>
8:30–8:55am	FLIP Panometry	<i>Dustin Carlson</i>
8:55–9:20am	Perioperative FLIP	<i>Michael Ujiki</i>
9:20–9:30am	Q&A	
9:30–9:45am	Break	
9:45–10:00am	FLIP in Eosinophilic Esophagitis (review distensibility plateau, how FLIP could help to determine EoE treatment)	<i>Kristle Lynch</i>
10:00–10:15am	So Who Should You FLIP in your Practice	<i>Prakash Gyawali</i>
10:15–10:20am	Q&A	
10:20–11:00am	Case Session 1	<i>Moderators: Vani Konda, Jacob Moremen Panel: Abraham Khan, Min Kim, Prakash Gyawali</i>
11:00–11:15am	Q&A	
11:15–11:50am	Case Session 2	<i>Moderators: Afrin Kamal, Min Kim Panel: Christy Dunst, Dustin Carlson, John Clarke, Michael Ujiki</i>

CME / Accreditation Information

Target Audience

This activity is designed for gastroenterologists, surgeons, and other healthcare providers involved in foregut disease.

Learning Objectives

At the completion of this activity, participants should be able to:

- Describe recent advances in the diagnosis of Barrett's esophagus, classification of esophageal motility disorders, evaluation and management of gastroparesis, and evaluation of the obese patient.
- Discuss medical vs. surgical options in the management of foregut disorders, especially esophageal motility disorders, gastroparesis, and obesity.
- Explain the value of endoscopy in the pre- and post-operative evaluation of the symptomatic patient.
- Discuss ergonomic practices in the endoscopy suite and the operating room, and strategies to mitigate ergonomic strain.
- Explain modern advances in eosinophilic esophagitis, and techniques for myotomy and esophagectomy.

Activity Goal

This activity is designed to address the following core and team competencies:

Medical Knowledge, Practice-based Learning, Interprofessional Communication, Professionalism, Employ Evidence-based practice.

Non-Endorsement

The accredited provider verifies that sound education principles have been demonstrated in the development of this educational offering as evidenced by the review of its objectives, teaching plan, faculty, and activity evaluation process. The accredited provider does not endorse or support the actual opinions or material content as presented by the speaker(s) and/or sponsoring organization.

Disclosures

The accredited provider adheres to accreditation requirements regarding industry support of continuing medical education. Disclosure of the planning committee and faculty's commercial relationships will be made known at the activity. Speakers are required to openly disclose any limitations of data and/or any discussion of any off-label, experimental, or investigational uses of drugs or devices in their presentations. - All employees in control of content have no relevant financial relationships to disclose. All relevant financial relationships have been mitigated.

Accreditation

In support of improving patient care, this activity has been planned and implemented by Cine-Med and the American Foregut Society. Cine-Med is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

JOINTLY ACCREDITED PROVIDER™
INTERPROFESSIONAL CONTINUING EDUCATION

Physicians

Cine-Med designates this live activity for a maximum of 21.5 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

ABIM MOC

This activity is approved for 21.5 Self-Assessment Credits towards the American Board of Internal Medicine Maintenance of Certification Program.

Nurses

This activity provides 21.5 contact hours for nurses.

Other Healthcare Professionals

All other healthcare professionals will receive a Certificate of Participation. For information on the applicability and acceptance of Certificates of Participation for activities designated for AMA PRA Category 1 Credits™, consult your professional licensing board.

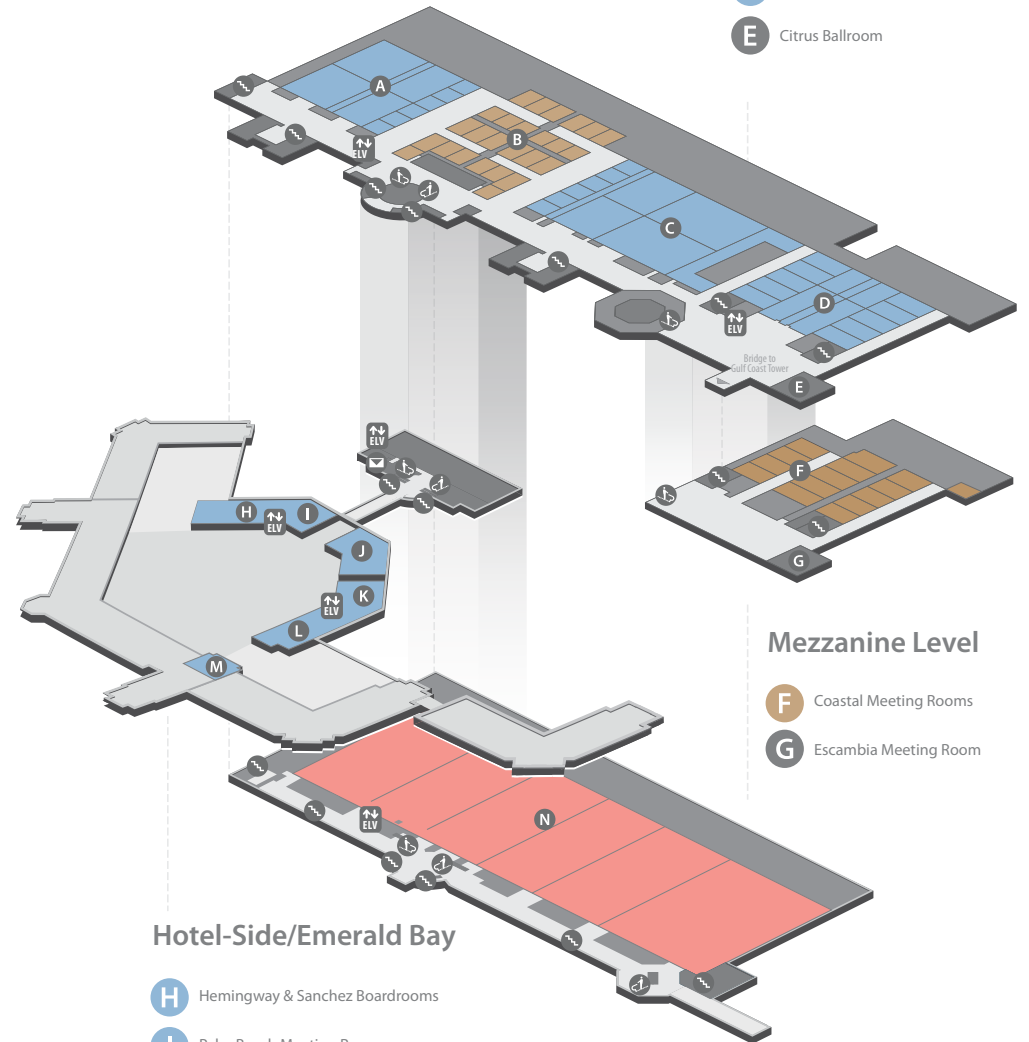

Certificates
